## Get to Know CBD Oil

Cannabidiol or CBD Oil is considered to have a wide scope of potential medical applications – due to clinical reports showing a lack of side effects, particularly a lack of psychoactivity (as is typically associated with THC), and non-interference with several psychomotor learning and psychological functions. This presentation will discuss the biology behind CBD Oil, as well as the differences between CBD Oil and Medical Marijuana, benefits of CBD Oil, and the forms that are currently available on the market.

### Wade Siefert, RPh, ABAAHP, FAARM

Wade Siefert is co-owner and pharmacist at Preckshot Professional Pharmacy. Wade has been practicing the art of compounding for over 20 years. He graduated from Drake University College of Pharmacy in 1987. Following graduation, Wade worked in retail, hospital and long-term care pharmacy settings.

As a compounding pharmacist Wade strives to be an active member in the compounding pharmacy world. He has held many positions in the Illinois Pharmacy Association and has served as President of his local pharmacy association. Wade is a certified member of A4M, a society of Anti-Aging and Regenerative Functional Medicine, and active in NCPA and IACP.

Wade is also deeply involved in his community: he is asked to speak to various health groups throughout Illinois and he serves as a consultant to local hospice teams in his area.
