

503A/503B, USP/CGMP, BOP/FDA . . . Examples of Government Enforcement and What Not to Do

The presentation will provide an overview of the various enforcement actions that Pharmacists, Pharmacy Technicians, and Pharmacies can receive from Government Agencies. On both a state and federal level, government agencies like the Board of Pharmacy, FDA, DEA enforce strict standards and regulations that must be followed. This is a great opportunity to think ahead by learning about preventative measures and determine how to properly respond to agencies in the event of an enforcement action.

Tony J. Park, PharmD, JD
California Pharmacy Lawyers

Dr. Park earned his Pharm.D. from the University of the Pacific in 1996, and started his career as P.I.C. and Store Manager of a chain drugstore. Then from 1998 until 2008, Dr. Park created and operated various start-up pharmacy-related businesses: a sterile

compounding pharmacy, a Hispanic community pharmacy, a mail order pharmacy, a hemophilia homecare company, and a specialty drug wholesaler. He then sold everything in 2008 to attend law school, earning his J.D. in 2010 from the Western Michigan University - Thomas M. Cooley Law School. He is now principal attorney of his own law firm: "CPL – California Pharmacy Lawyers." He represents individuals and entities in all aspects of pharmacy practice and business. He also serves as General Counsel for the California Pharmacists Association, and teaches Pharmacy Law & Ethics at Western, UOP, and Chapman.

Dr. Park is a Registered Pharmacist and a member of the California Bar.
