✓

Ongoing Website Maintenance & Prompt, Friendly Service

The Storey Marketing Advantage:

- Marketing compounding pharmacies since 1993 - *we know your industry*
- Mobile responsive and custom-designed to your specifications
- Forms are hosted on our dedicated HIPAA-compliant server. Business Associates Agreement (BAA) is provided. Standard forms are available and custom forms can be created
- Designed in WordPress and full editing capability provided. (except forms or content feeds)
- ADA Compliance Widget and Accessibility Statement
- GDPR compliance information (Visitors choose to accept or decline the use of cookies.)
- Search Engine Optimization foundation to ensure optimal performance for future SEO programs.
- "Service after the Sale" – Our team is very responsive and understands the importance of keeping your website current.
- *Option to add a fully customized e-commerce store.*
- *Option to add Social Media Posting Program.* For our website customers, links to **YOUR** pharmacy website from pertinent posts.

Concierge Website Hosting Benefits:

All websites designed by Storey Marketing are hosted on our server.

- Free SSL certificate - site displays HTTPS and the lock icon.
- Hosting of HIPAA compliant forms that collect PHI (Protected Health Information) and inclusion of the "HIPAA Certified Compliant" seal.
- All websites are hosted on a dedicated server housed in a secure US data center with 99.9% uptime.
- Our Litespeed web server can be up to 600% faster than comparable servers.
- All data is backed up nightly, weekly, and monthly.
- Our server employs stringent data security with active security monitoring by automated software systems and data center personnel.
- Google Analytics is installed on all websites.
- Carefully selected website plug-ins are regularly updated and maintained to enhance performance, security, and search engine ranking. This helps ensure that there are no conflicts when updates occur and catch any vulnerabilities.
- Our server is equipped with HTTP/3, which is the next generation of the HTTP protocol that significantly improves both the security and performance.
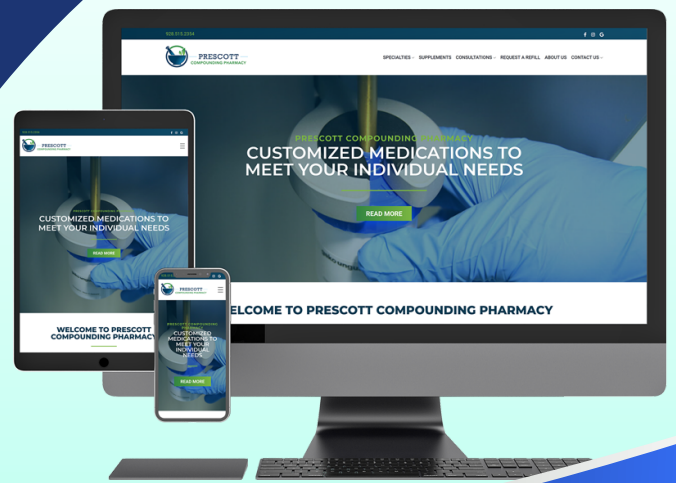

Hosting Package Options:
$45/month Base price hosting
$139/month Hosting with 1 hour of changes/month
